

Privacy Policy of Randomy

Last updated: [1/1/2024]

Randomy operates [Randomy#4086]. This page informs you of our policies regarding the collection, use, and disclosure of Personal Information we receive from users of the Randomy Bot.

Information Collection and Usage

While using our bot, we do not collect any personally identifiable information from users. The bot processes and responds to commands provided in Discord channels, but it does not store or retain any user-specific data.

Command Functionalities

The Randomy bot provides the following functionalities:

- Flip Command: It flips a coin for you.
- Roll Dice Command: It rolls a dice for you.
- Generate Number Command: It generates a random number within the range you specify.
- Choose Command: It randomly selects words or options from those you provide.
- Quiz Command: It asks you a randomly generated question.
- Fact Command: It randomly generates a fact for you.

Data Storage

Randomy bot does not store any information related to user commands, responses, or personal data. Each command is processed in real time, and the bot does not retain any history of user interactions.

Third-Party Services

The bot interacts with Discord's API for message processing and response delivery. Users are encouraged to review Discord's privacy policy for information on how Discord handles user data.

Changes to Privacy Policy

This Privacy Policy is effective as of 1/1/2024 and will remain in effect, except concerning any changes in its provisions in the future, which will be in effect immediately after being posted on this page. We reserve the right to update or change our Privacy Policy at any time, and we will announce it in our official community server and social media. Your continued use of the bot after we post any modifications to the Privacy Policy on this page will constitute your acknowledgment of the modifications and your consent to abide by and be bound by the modified Privacy Policy.
